PRESS RELEASE

UNDERSTANDING NEWCOMB'S WILDFLOWER GUIDE

Harmony, RI
Sat., May 8, 10:00 am to 12:30 pm
Garden Walk and Lecture
Leader: Cheryl Cadwell

In order to effectively use any plant guide, you need to be familiar with the anatomical terminology and the variations that can often be frustrating when using a key. This class will be aimed at beginners, but should make a good refresher session for those with more experience. Bring a wildflower guide, preferably Newcomb's, a magnifying glass and wet weather gear in case it rains. Cheryl's beautiful garden will provide many specimens for practicing your keying skills.

Easy

Pre-registration required 48 hours prior.
