Whether you're looking to enhance and expand your current selection, or creating a woodland garden, water garden or patio garden there will be something for you. Whether you have sun or shade, moist or dry conditions, you will find something that fits your needs. Color, texture, wonderful scents- native plants have it all! Plants for sale will include wildflowers, ferns, native shrubs and trees, pond plants and much more.

A silent auction for rare and collectible plants will be ongoing until 10:30 am.
